Thos. Cumpston Esq.r

Charleston 13 April 1805

Sir

My last respects was under date of 4.th December last, forwarded by Post; acknowledging the receipt of your favour of the 10.th November preceding; and informing that I would, if it could be made practicable, undertake to secure for the Institution under your Care the property intended for it by the late M.r Dobbins

I have now to inform that the Will has been duely proved & allowd of by the Ordinary of the District where M.r Dobbins dyed, a Copy of which, I presume you are possesd of, furnishd by M.r Dunlop, & therefore think it unnecessary at present to [illegible]. I have since Qualifyd as Executor, & sent an Agent to the place to Collect [illegible] whatever was necessary to be done there, and the Business has so far progressd that I am now in possession on Accot. of the Estate, of the following Vz.

Certificates of 200 Shares in the Bank of South Carolina, the Capital of which is $ 400 pr. Share; but have been as high as, & sold for 80 Dollars; at present however they are much below that, having been sold since the last Divid. from 65 to 70		
Promissory Notes amounting to	$ 2400	2400
of these I have reason to hope that nearly the whole will be recovered		
the last years dividend on 200 Shares in Bank S.th Ca. a $ 5.50		1100
M.r Dobbins at the time of his death, had laying in Bank		406
Money found in his Trunk, where he dyed		231

which constitutes the whole of the Estate (a few very trifling Articles excepted) that was not otherwise disposd of by the Will — Against this there has already appeard demands to the Amount of about $ 600, & which I expect will be nearly the whole that will be made, & of this sum there is one Claim of $ 475 which I have reason to think is not a fair one, & may not be allowed, I have therefore thought it my duty to contest it

From the foregoing may be formed a present opinion of what the Institution will be benifited by M.r Dobbins's bequest — I shall endeavour to collect the Monies due, as speedily as possible; but as the whole are owing by Planters, I do not expect that this will be accomplishd without the aid of the present Years Crop, to be made. The Managers of the Funds of the Institution will therefore have time to determine, what disposition shall be made of what they will be entitled to receive of this Estate

Nothing further occurring at present to be communicated. I remain respectfully

Your Obed.t Servt.

[illegible] Jones
